

There are 3 Points I have for keeping AIR 1's FM status;

1. AIR 1 has been entertaining my family for over 10 years, this includes our children and our grandchildren.
2. It will be a great disservice to many in my community if the (LPFM) stations are allowed to take priority over the current translator services, i.e. AIR 1. There are many children and adults I talk with whom enjoy the good alternative music which AIR 1 provides.
3. AIR 1 has given many parents and teenagers a good clean alternative to the head-banging, filthy words, and innuendo's which many FM stations provide. AIR 1's music rises above most of these other FM stations. It is in my opinion that the FCC would serve our area that of other communities by keeping AIR 1's FCC station status.

Thank you for taking the time to read my concern's and comments!

Sincerely,

Carey Pendleton
